BMW is now offering to members of the international community living in Denmark a special leasing contract that makes driving in Denmark even easier and more affordable.

### **Driving in Denmark made easy.**

Throughout your leasing term, BMW Financial Services remains the owner of the car, so all you have to think about is driving! And when your contract is up, you simply return the vehicle to your local BMW dealer – without worrying about its resell value or any aggravation of selling it. There is no better – or easier – way to drive a BMW in Denmark

# BMW EXPATRIATE LEASING. DRIVING IN DENMARK HAS NEVER BEEN SO EASY.

BMW Expatriate Leasing brings you:

## **Flexible leasing terms.**

Whether you are living in Denmark for one month or five years, we are happy to tailor your lease to cover the exact duration of your stay. And you can exit your agreement at any time should your stay in Denmark end earlier than expected.\*

## **Unrivalled value.**

Driving a BMW is surprisingly affordable. One small down payment followed by fixed monthly instalments makes budgeting for your vehicle simple. We also offer premium BMW Motor Insurance at a very attractive flat rate to our Expatriate Leasing customers so all of your regular costs will be set from the day you start your lease to the day you hand back the keys to us. And with a fuel card provided by us, you can even take advantage of attractive discounts when refuelling.

## **Trouble-free motoring.**

Our Expatriate Leasing contract includes BMW Service Inclusive Ultimate, which means all service checks and repairs during your lease period are included in your monthly payment. And the best part: at the end of your stay in Denmark, you simply return your car back to us. It doesn't get any easier than that.
